Unique Selling Points (short)

1. Hyper-fast SLIPSTREAM WIRELESS
2. Bluetooth® with Qualcomm® aptX™ low latency codec
3. Simultaneously connect with Bluetooth and SLIPSTREAM WIRELESS
4. Matched pair of precisely tuned 50mm neodymium speaker drivers
5. Broadcast-grade detachable microphone
6. Immersive Dolby Atmos®
7. High-fidelity 24bit, 96KHz audio via USB wired
8. Plush memory foam earpads and lightweight headband
9. Premium lightweight aluminum construction
10. Connect to virtually any device with USB and 3.5mm wired connections
11. 3.5mm inline controller with volume and mute control
12. Up to 15 hours of battery life
13. Up to 60ft of wireless range
14. Dynamic RGB lighting
15. Powered by CORSAIR iCUE software
16. Padded storage pouch with magnetic clasp

Unique Selling Points (style one – order of importance)

1. Simultaneous dual-wireless connections deliver high-fidelity game audio with hyper-fast, ultra-long range SLIPSTREAM CORSAIR WIRELESS TECHNOLOGY, plus Bluetooth® with Qualcomm® aptX™ low latency.
2. Experience uncompromising sound quality and with a matched pair of precisely tuned 50mm high-density neodymium speaker drivers, delivering a frequency range of 20Hz-40,000Hz – double that of typical gaming headsets.
3. Long-lasting comfort to wear all day with premium memory foam earpads that conform to your head and a lightweight pillow-soft headband.
4. Make yourself heard with exceptional dynamic range and vocal clarity, thanks to a 9.5mm broadcast-grade, omnidirectional, high-bandwidth detachable microphone with excellent low-end response.
5. Built with lightweight, machined aluminum throughout, from the headband to the ear cups, ensuring both maximum comfort and long-term durability.
6. Immersive Dolby Atmos® on PC places the sounds of the game all around you with three-dimensional precision, so you can react faster and more accurately.

7. Connect to virtually any device including PC, Xbox One, PS4, Switch, and mobile with wired 3.5mm, USB, SLIPSTREAM WIRELESS, or Bluetooth.*
8. 24bit/96KHz Audio delivers true high-fidelity sound via USB wired connection.
9. A multi-function button offers independently controlled volume for Bluetooth audio.
10. An inline controller when connected via 3.5mm wired delivers convenient access to volume and mute controls.
11. A custom, high-capacity lithium-ion battery and an accelerometer-based smart-sleep/wake function provide up to 15 hours of battery life for all-day gaming.
12. Micro-perforated aluminum on each ear cup allows RGB lighting to shine through for virtually unlimited color options and customization to match any style.
13. CORSAIR iCUE software offers a range of pre-tuned audio profiles or custom tuning of your equalizer settings, sidetone control, and RGB lighting synchronization with compatible CORSAIR peripherals, coolers, fans, and more.
14. Includes a cross-stitched, padded storage pouch sealed with a magnetic clasp.

* Connection compatibility dependent upon device.

Unique Selling Points (style two – order of importance)

1. **Simultaneous Dual-wireless Connections:** Get high-fidelity game audio with hyper-fast, ultra-long range SLIPSTREAM CORSAIR WIRELESS TECHNOLOGY, plus Bluetooth® with Qualcomm® aptX™ low latency.
2. **Uncompromising Sound Quality:** A matched pair of precisely tuned 50mm high-density neodymium speaker drivers deliver impeccable sound with a frequency range of 20Hz-40,000Hz – double that of typical gaming headsets.
3. **Comfort is King:** Premium memory foam earpads that conform to the shape of your head, along with a lightweight headband deliver pillow-soft, long-lasting comfort, enabling you to play for hours on end.
4. **Broadcast-Grade Detachable Microphone:** A 9.5mm omnidirectional, high-bandwidth microphone provides wide dynamic range and superb vocal clarity with excellent low-end response.
5. **Premium Lightweight Construction:** Built with machined aluminum throughout, from the headband to the ear cups, ensuring both maximum comfort and long-term durability.
6. **Immersive Dolby Atmos® on PC:** Places the sounds of the game all around you with three-dimensional precision, so you can react faster and more accurately.
7. **Wide Device Compatibility:** Connect to virtually any device including PC, Xbox One, PS4, Nintendo Switch, and mobile with wired 3.5mm, USB, SLIPSTREAM WIRELESS, or Bluetooth.*
8. **High-Fidelity 24bit/96KHz USB Audio:** Experience true high-fidelity sound via USB wired connection.
9. **Multi-Function Button:** Offers independently controlled volume for Bluetooth audio.
10. **Inline 3.5mm Controller:** Delivers convenient access to volume and mute controls.
11. **All-Day Battery Life:** Game for up to 15 hours at a time thanks to a custom, high-capacity lithium-ion battery and an accelerometer-based smart-sleep/wake function.
12. **Dynamic RGB Lighting:** Micro-perforated aluminum on each ear cup allows RGB lighting to shine through for virtually unlimited color options and customization to match any style.
13. **Intelligent Control, Unlimited Possibilities:** CORSAIR iCUE software offers a range of pre-tuned audio profiles or custom tuning of your equalizer settings, sidetone control, and RGB lighting synchronization with compatible CORSAIR peripherals, coolers, fans,

and more.

14. **Storage Pouch Included:** Keep your VIRTUOSO RGB Wireless XT in a cross-stitched and padded pouch sealed with a magnetic clasp.

* Connection compatibility dependent upon device.
