Short Copy/Description:	The mophie® charge stream® USB-C to USB-C cables are made for continued, everyday use. They have a braided outer sheath and an Enduraflex® silicone interior that makes the cables extremely flexible and durable. Their attachment points where the plugs and cables connect are strengthened to ensure a long life. These soft, pliable, and sturdy cables will become an essential part of your mobile life.
Long Copy:	Essential, reliable, tools you can't do without—that perfectly describes the charge stream® USB-C to USB-C cables from mophie. They have a heavy-duty, braided exterior and a soft pliable interior made with Enduraflex™ silicone. You probably take your cables for granted, until they fray, wear out, or fall apart. The charge stream® cables are built to last. The attachment points where the plugs and cables connect are strengthened to ensure a long life of continual use. Since these cables will become your go-to favorites, you won't want to leave them behind when you travel, so we've included a premium cable strap so they coil easily and stay organized in your bag.
Product Feature Bullets:	• Heavy-duty, Braided Exterior: The sturdy braided exterior can endure wear and tear for a long life. • Made with Enduraflex™ Silicone: The silicone interior is flexible and durable, tested to withstand 30,000 bends. • Strain Relief Points: The attachment points where the plugs and cables connect are strengthened to ensure a long life of continual use. • Fast Charge Compatible: Cable can be used with PD charger for fast charging and data transfer. • Soft, Flexible Feel: charge stream™ cables feel good in your hand. • Integrated Silicone Cable Strap: The premium silicone loop harnesses the cord when not in use, so it packs conveniently in your bag.
