ONE-LINERS:	Extended Power. Enhanced Protection.
TAG LINE	More Music. More Movies. More Memories. More iPhone.
SHORT COPY:	The Juice Pack provides extended power and enhanced drop protection for your iPhone. Talk, listen to music, and view content on your phone without worrying about running out of battery. Just press and hold the button to send power directly to your iPhone.
LONG COPY:	The Mophie Juice Pack provides extended power, capacity, and enhanced 6-foot drop protection for your iPhone. This protective case contains an internal, rechargeable battery that sends power directly to your iPhone with the push of a button. The juice pack can provide your iPhone with up to an extra 50% battery life. So, at the end of a long day, you never have to worry about sending a text, ordering a ride, or finding out where everybody's meeting. Juice Pack has a slim, lightweight design that slips easily in your pocket and won't weigh you down.
PRODUCT FEATURES:	<p>Up to +50% Battery Life¹ Get the battery boost you need to make that call, send that text, take that pic, and <i>not</i> worry about low battery.</p> <p>Priority Plus Charging Power is channeled to your iPhone first, then the Juice Pack battery.</p> <p>Standby/Status Button Use the button to turn the Juice Pack battery on and off and to check the battery level.</p> <p>Integrated Passive Magnet Juice Pack has a magnet in the back of the case for a strong connection to wallets, vent mounts, stands, and other magnetic accessories.</p> <p>High Impact Protection Juice Pack has been tested and proven to protect your phone from drops up to six feet.</p> <p>Raised Case Corners Juice Pack's raised edges help your screen avoid surface contact, preventing cracks and scratches.</p> <p>Capture Button Access</p>

	<p>Juice Pack allows full access to the capture button so you can interface directly with your iPhone.</p> <p>Slim Profile, Compact Design The Juice Pack slides easily into your pocket and won't weigh you down.</p> <p>Sustainable Materials The external plastic case is made with up to 50% post-consumer recycled plastics.²</p> <p>Integrated, Versatile USB-C Port The Juice Pack has a USB-C port you can use to plug your iPhone into other devices, channel a charge directly to your iPhone, or recharge the Juice Pack itself.</p>
FOOTNOTES:	<p>¹ <i>Extra percentage battery life are estimates calculated comparing the stated power capacity of the internal power bank battery with those stated by manufacturer of the iPhone 15. The actual percentage of extra battery depends on a variety of factors that are different for every user.</i></p> <p>² <i>Recycled material is certified through a third-party. Devices not included.</i></p>
