

USB 3.1

Store and access your data anywhere.

Take your data on-the-go with the SL200 Portable SSD from Lexar. This sleek and slim drive features a premium finish and is available in 512GB, 1TB and 2TB of storage space. To keep your data secure, it's drop-, shock-, vibration-resistant and comes with an advanced security solution with 256-bit AES encryption. Performance-wise, it has transfer speeds of up to 550 MB/s and a write speed of up to 400 MB/s¹. Connect it to your system using the included USB Type-C to USB Type-C or USB Type-C to Type-A cable, and it's ready to use.

Store and share quickly with USB 3.1 speeds. Quickly store and access your content anywhere with the Lexar Portable SSD. This sleek, compact SSD provides impressive performance on the go, with speeds up to 550MB/s read and 400MB/s write—up to four times faster than traditional external hard drives³. This makes it easy to quickly access, move, or backup all your favorite movies, music, photos, and files. Available in 512GB, 1TB and 2TB capacities.

Sleek, Slimline design and exceptional resilience to the elements. Showcase your discerning style with the sleek, premium finish of the SL200 Portable SSD. With its small, slim size, you can slip it in your pocket and go. And unlike traditional drives, it has no moving parts, so it provides exceptional resilience to harsh temperatures and vibration². It also includes an LED activity light, so you know when your file transfer is complete.

Securely protect your files. Looking to protect personal information, financial records, or other sensitive files on the go? The SL200 SSD includes an advanced security solution with 256-bit AES encryption to help protect your essential files against corruption, loss, and deletion. Easily create a password-protected safe that automatically encrypts data. And for peace of mind, files that are deleted from the safe are securely erased and can't be recovered.

Rigorously tested. All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.

For more than 20 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, and solid-state drives. With so many options, it's easy to find the right Lexar solution to fit your needs. Lexar products are available worldwide at major retail and e-tail stores. For more information or support, visit www.lexar.com.

¹ Up to 550MB/s read transfer, write transfer speeds lower. Speeds based on internal testing. Actual performance may vary.

² Temperature resistant (32°F to 158°F) or (0°C to 70°C) and vibration resistant (7-800Hz, 3.08Grms, 30min/axis(X,Y,Z)) Based on internal testing. Actual performance may vary.

³ Comparison based on internal testing. Actual performance may vary. Lexar is not liable for any loss of data or images.

NOTE:

Security safeguards, by their nature, are capable of circumvention. Lexar does not guarantee data will be 100% secure from unauthorized access, alteration, or destruction.

To ensure compatibility and best performance, please visit lexar.com/downloads to download the latest USB 3.1 driver.

Product appearance, performance, software offerings, and packaging may vary depending on ship date and available inventory.

Actual usable memory capacity may vary. 1GB equals 1 billion bytes.
