3. One-sentence description

Chipolo POP is a colorful and loud tracking tag, compatible with Apple Find My on iPhone or Find Hub on Android.

or

Chipolo POP is a colorful and loud tracking tag compatible with Apple Find My on iPhone or Find Hub on Android. It comes with extra features in the free Chipolo companion app.

4. Short product description

Meet Chipolo POP - a colorful tracking tag designed to help you live your life to the fullest. It helps you locate your keys, backpack, and more with a loud ring and with the help of the Apple Find My network or the Find Hub network on Android. It comes with extra features, like Call Your Phone, in the free Chipolo companion app.

5. Long product description

Chipolo POP is a colorful tracking tag designed to save you time, whether you're going to the office or spending time outdoors. Put it on your car keys, pop it in your luggage, or attach it to your backpack for added peace of mind on your outdoor adventures. Wherever you are, POP is here to keep track of everything you need.

POP helps you locate your misplaced things with a loud sound. When your keys, backpack, or bag are hiding nearby, you can ring your POP and easily locate your item by playing a very loud sound that's easy to hear from rooms away. You'll never have to panic over misplaced items ever again.

When your things go missing, there is a whole global network ready to find your things. POP is compatible with Apple Find My or Find Hub on Android, so you can locate your things in an instant with the help of millions of Apple or Android devices around the world.

As a cherry on top, Chipolo POP comes with extra finding features in the free Chipolo companion app. You can double-press your POP to ring your misplaced phone (even if it's on silent) and even customize its ringtone.

POP comes in six vibrant colors, so you can pick your favorite or get one of each for every item you want to track. Choose one color for your backpack, another for your wallet, a third for your car keys, and so on – stay organized in style!

6. Bullet points of key features

Chipolo POP key features:

- **Colorful:** Bring a POP of color to your life and locate your items by seeing them easily.
- **Worldwide range:** POP works with the Apple Find My network or the Find Hub network on Android. Both networks are made up of millions of Apple or Android devices, which means you can find your missing item almost anywhere in the world.
- **Loud sound:** Make your Chipolo ring with a loud sound to find your things quickly.
- **Extra features:** Ring your phone (even if it's on silent), customize the ringtone, and more in the free Chipolo companion app.
- **No accessories needed:** Attaches directly to your things.

How it works:

- **Find nearby:** Ring Chipolo and locate your item by sound.
- **Find far away:** Locate your missing item with the help of the global Apple Find My network or the Find Hub network on Android.
- **Extra finding features in the free Chipolo companion app:**
 - **Call Your Phone:** Double-press your CARD's button to call your phone (even if it's on silent) and find it in seconds.

- **Take a Selfie:** Double-press your CARD's button to use it as a remote camera shutter. Capture your perfect moments in two taps!
- **Change Ringtone:** Customize the ringtone of your CARD and give each Chipolo you own a unique personality.
- **Out of Range Alerts** (Android only): Get a kind reminder when you leave your item behind. *This feature is built into the Find My app on iPhones.
- **Adjust Ring Volume** (iOS only): Need to keep the noise down? Customize your Chipolo's volume and find your item without disturbing a soul. **This feature is built into the Find Hub app on Android.

7. Chipolo POP taglines

Colorful. Compatible. Loud. (use only in combination with Android+Google badges)

Designed to help you live life to the fullest.

The most vibrant tracker.

8. Chipolo tagline

Search less. Smile more.

SEARCH LESS.

SMILE MORE.

9. Tech specs

Compatibility: Pairing requires an Android or Apple device. To use your Chipolo POP on an Android device, your device must be running Android 9 or later with Google Play Services installed. To use it on an Apple device, the latest version of

iOS, iPadOS or macOS is recommended. The Find Items app on Apple Watch requires the latest version of watchOS.

App:

- iOS: Apple Find My
- Android: Find Hub
- Chipolo app: Extra finding features available in the free companion app.

10. FAQ

How is Chipolo POP different from previous Chipolo finders?

Compared to previous models of Chipolo that were only compatible with one of the apps, Chipolo POP is a more versatile finder that's compatible with either the Apple Find My app on iPhones or the Find Hub app on Android phones. It also offers extra features such as calling your misplaced phone in the free Chipolo companion app.

Improved hardware includes an extra loud ring, extended range, IP55-rated dust and water resistance, and recycled materials.

All Chipolo key finders are powered by a replaceable coin battery that lasts up to 12 months.

Which phones does the Chipolo POP work with?

Chipolo POP works with either Android phones (Find Hub app) or iPhones (Apple Find My app).

To use your Chipolo POP on an Android phone, your device must be running Android 9 or later with Google Play Services installed.

To use your Chipolo POP on an iPhone, your device must be running iOS 14.5 or later. The latest version of iOS, iPadOS, or macOS is recommended. The Find Items app on Apple Watch requires the latest version of watchOS.

If you want to go beyond the basics, we recommend installing the Chipolo app, a free companion app packed with extra features. It works on both iPhones and Android phones, and it allows you to call your phone, take a selfie, change the ringtone of your POP, and more.

Which app does the Chipolo POP work with?

Chipolo POP works with the Apple Find My app on iPhones or the Find Hub app on Android phones. The Chipolo app is available as a companion app and it's packed with extra features.

Do I need to download two apps to use Chipolo POP?

No, you only need one app to use Chipolo POP. If you own an iPhone, simply add it to the native Apple Find My app. If you own an Android phone, add it to the Find Hub app. This app is not pre-installed on all Android phones, so you might need to download it first.

If you want to go beyond the basics, we recommend installing the Chipolo app, a free companion app packed with extra finding features. It allows you to call your phone, take a selfie, change the ringtone of your POP, and more. This app is not necessary to make your Chipolo ring or check its last known location on a map.

Why do I need the Chipolo app?

The Chipolo app is a free companion app that offers additional finding features for your Chipolo POP. While Apple Find My and Find Hub help you find your things, the Chipolo app unlocks a whole new level of finding features, such as:

- Call your misplaced phone: To make your phone ring when it's hiding nearby, simply double-press your Chipolo POP.
- Change the ringtone: Choose from a few different ringtones to make it easier to recognize your Chipolo POP's call.
- Adjust ringtone volume: Adjust the volume of your Chipolo POP's ring to suit your needs.
- Selfie button: Use your Chipolo POP as a remote shutter button for your phone's camera.
