

Music lights your mood.

The Harman Kardon Aura Studio 5 seamlessly blends sound and light to transform your music into an experience you can hear, see, and feel. As you stream your favorite music via Bluetooth, ambient light radiates from its iconic transparent dome, transforming your surroundings in whatever way you choose. With a variety of lighting options, immerse yourself in a calming atmosphere with soft, aquamarine lights that gently ripple like water. Or set the mood with warm, flickering firelight for laughter-filled evenings with friends. Meanwhile, Constant Sound Field technology fills every corner of your room with rich, immersive audio that shimmers with crisp, vibrant detail. However you set the vibe, the Aura Studio 5 makes every moment unforgettable.

- ▶ Unique ambient lighting that syncs to your music
- ▶ Bluetooth music streaming
- ▶ Multi-speaker connection by Auracast™
- ▶ Boost stereo sound with two speakers
- ▶ Harman Kardon One app
- ▶ Made in part with recycled materials

Features and Benefits

Timeless design, reimagined

The Aura Studio 5 makes a statement before you even turn it on. The design features a sleek transparent dome with an undercut edge, revealing a captivating multilayered inner space that draws you in with depth and elegance. Paired with a new soft, elevated acoustic textile base, the iconic form is now reimagined with a refined profile that enhances its sculptural presence. Light plays across its subtly tinted reflective surface, creating an atmosphere of effortless sophistication.

Constant Sound Field with 3-way speaker design

Our three-way speaker design delivers rich, natural sound that pulls you in. A powerful subwoofer brings depth you can feel, while a dedicated tweeter and six full range transducers let every instrument and voice shine with stunning clarity. Thanks to Constant Sound Field technology, the music stays perfectly balanced everywhere in the room creating a wider soundstage—deep bass, crisp highs, and a warm, detailed midrange all reach you with absolute precision. Wherever you sit, stand, or dance, the Aura Studio 5 surrounds you in flawless, immersive sound.

A new dimension of light

Surround yourself with light and sound, perfectly in tune with your mood. The signature 360-degree ambient glow now reaches even further, with a new lighting lens that casts dynamic patterns above the speaker—wrapping you in an immersive, captivating atmosphere. And the experience is yours to shape. Use the Harman Kardon One app to customize colors and patterns to match your vibe, making every moment feel just right.

Unique ambient lighting that syncs to your music

Transform your experience with the engaging lightshows of Aura Studio 5. Luminous colors and graceful movements sync to your favorite music and amplify its impact. Choose soothing or energetic vibes that perfectly complement your mood and harmonize with your emotions.

Bluetooth music streaming

Aura Studio 5 connects seamlessly up to two mobile devices simultaneously via Bluetooth®. So when your friends come over, they can share their new favorite songs direct from their phones in exceptional, high-quality audio.

Multi-speaker connection by Auracast™

The Aura Studio 5 features multi-speaker connection via Auracast™. Use the Harman Kardon One app to connect two or more Harman Kardon speakers and fill your space with seamless synchronized sound. Whether you're setting a mood or throwing a party, effortlessly connect as many speakers as you want for an immersive sound experience.

Boost stereo sound with two speakers

Quickly and easily turn up the celebration with a wider, more detailed soundstage by pairing two Aura Studio 5 speakers together, wirelessly.

Harman Kardon One app

The Harman Kardon One app makes it easy to set up your Aura Studio 5 and personalize the audio and lightshow settings. You can also customize EQ, manage all your compatible speakers in one convenient place, and even install software updates—all from the comfort of your couch.

Made in part with recycled materials

The Harman Kardon Aura Studio 5 incorporates post-consumer recycled plastic and recycled aluminum. It is also packaged in FSC-certified paper printed with soy ink.
