

Companion steamer XF384B10
XF384B10

Companion steam accessory for healthy and delicious meals

- This **Companion accessory steams** up to 4 foods of different consistencies at the same time and on several levels.
- The accessory includes: a stainless steel **steam bowl** with a 3.7 L capacity with insulated handles, a perforated intermediate **steam tray**, a transparent **glass lid** with handle providing greater visibility when cooking, a **cooking juice collection tray** for making sauces to accompany your dishes.
- **Instructions for use:** steam, from the 0.7 L of water heated in the bowl, permeates the various levels of the steamer. It is, therefore, better to place food that requires more cooking in the first steam bowl and place those that require less cooking in the upper tray.
- With the **Companion steam basket**, you can make complete family meals with meat or fish, a side dish and vegetables at the same time! You can even cook rice, fruit and cream-based desserts.
- Designed for **all Companion food processors** (see list of compatible appliances below)
