- PERFECT PRECISION: The precision tip makes ironing more convenient with access to hard-to-reach areas like collars and buttons
- VERSATILE AND EASY: The vertical steaming feature covers delicate and large garments, plus suits and curtains
- HIGH STANDARDS OF QUALITY: Made in France at premium standards of quality and craftsmanship

PRODUCT BENEFITS

Long-lasting performance
The exclusive removable calc collector system offers hassle-free maintenance and effortless cleaning, for steam ironing performance that's built to last.

2800W for a fast heat-up
Offering the perfect steam iron for everyday needs, 2800W of power ensures a quick heat-up time, for performance that's there for you whenever you need it.

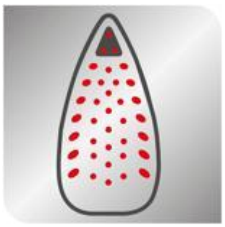

Efficient ironing results
A continuous steam output of up to 50 g/minute. For fast ironing sessions made easy, offering perfect results in no time.

Powerful steam boost
A potent steam boost of up to 260 g/minute delivers enough raw power to tackle thicker fabrics and stubborn creases.

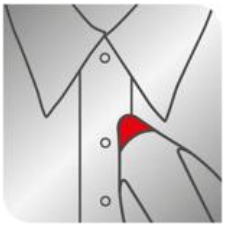

Maximum steam coverage
100% active steam holes for maximum steam distribution, with 30% more steam holes than previous Ultragliss generations for total efficiency that ensures perfect results.

High-quality soleplate
Ranked #1 in glide by Calor, the new Durilium Airglide soleplate ensures impressive performance and wide steam coverage, with patented technology and durability made to go the distance.

Easy-access precision tip
The tip of the iron has a special shape that makes ironing around buttons much easier.

Easy vertical steaming
Steaming of delicate and large garments is made easy with the vertical steam feature, ideal for smoothing out creases from suits and other hanging garments—even curtains.

Long-lasting performance
The durable, scratch-resistant soleplate puts long-lasting performance within reach, for a high-quality steam iron that's built to last.
