PRODUCT BENEFITS

Perfect results
Impressive power for perfect ironing: 2900 W of power for a fast heat-up, a continuous steam output of 50 g/min and a 270 g/min burst of steam to tackle stubborn creases with total ease.

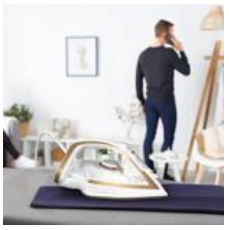

No risk of stains
Our patented Micro Calc Filter technology ensures long-lasting performance while keeping all your garments and linen spotless and protected from stains.

Excellent Glide
Fast and effortless ironing with Durilium Airglide Autoclean technology: Optimal steam diffusion, exceptional glide, and an Autoclean catalytic coating for stain-free and flawless performance over time.

Safety auto-off
Standby mode is automatically activated when the iron is left unattended—after 8 minutes when left on its heel, and after 30 seconds when left resting on its soleplate or side.

Easy vertical steaming
Steaming of delicate and large garments is made easy with the vertical steam feature, ideal for last-minute touch-ups and getting creases out of suits and other hanging garments—even curtains.

Sanitizing steam power
The combination of high temperature and steam pressure kills up to 99.99% of bacteria on all ironable fabrics, for exceptional hygiene and healthier garment care.

Made in France
A high-performance product made in France at uncompromising standards of craftsmanship, design and manufacturing.

15-year repairable
At a fair price thanks to our 6,200 repairers worldwide, we recommend repairing your product: it will last longer.

Repairable at fair price - 15 years

- 6200 approved repairers worldwide
