Armchair

The Luxury II is a genuine leather contemporary armchair dedicated to home cinema.

This genuine leather cinema seat is pleasant to the touch and easy to maintain. It has been studied to bring maximum comfort to its user. Extremely robust, its backrest is tiltable as well as its footrest thanks to a reliable and silent motorization. You will also find at the end of each armrest a cup holder discreetly integrated with a USB 5V to charge your smartphone or tablet.

Elegant, comfortable and flexible, it is the ideal solution to equip your home theater room.

Several shades of leather are available to best match the style of your home.

Genuine leather
