

Charlie Rudder Pedals

Article no.	15678	Manufacturer	Honeycomb Aeronautical
Genre	Hardware	Price	€369.99 (incl. 19% VAT)
Publisher	Honeycomb Aeronautical	EAN	4039621003073

Product description

The Charlie Rudder Pedals brings the final piece to complete the full Honeycomb Flight Simulation Setup. The pedals are made with real alloy metal and can adjust to different angles for the best comfort while flying.

The pedals use a specialized drive train system for travel with no centre detent. The base includes large rubber grip pads and reversible carpet spikes for non-movement use giving you confidence and skill in your approaches and landings.
