

## PLASTIC IS A PROBLEM

*Every year 300 million tons of plastic are produced. Most of the plastic waste reaches the oceans from land via rivers, more than 10 million tons a year. They cost the lives of thousands and thousands of marine animals. Seabirds confuse plastic with natural food, dolphins get caught in old fishing nets. Plastic waste is not only harmful to animals, it also damages our health.*

## OUR ANSWER THE BIO CASE

*Woodcessories is going BIO!*

*Our plant-based Bio Case is our first bio-degradable iPhone Case. This vegan beauty is made of an innovative sustainable mix based on a wheat compound and non-toxic bio-plastic that is easily recyclable & protects the environment as well as preserving resources! Bio-Plastic is not only very flexible, durable and 100% eco-friendly but also an alternative for common plastic.*

UPCYCLING  
TURNING OLD  
INTO NEW

*This case isn't just Bio but also an Upcycle Case! We use old cases and agricultural waste that would have otherwise ended up on a landfill, and produce a brand new unique case with it. The best part: simply send your used Bio Case back to use and we'll recycle it for you!*

THE MARKET DOES  
GREEN WASHING  
BUT OUR CASES DON'T

*Not all green brands are really green and keep their promises. But we promise you honest & certified materials that pass important eco-standards. Together with you we want to fight back against plastic. With every sold case you help us reduce plastic consumption, CO2 emissions, preserve limited resources & even save the forests. For each product sold we plant a new tree to make a difference!*

# ZERO BULLSHIT AND 100% NON-TOXIC

*This Zero Bullshit Case keeps its promises: we are 100% free from toxicants like BPA or lead and also commit ourselves to the strict REACH and RoHS standards. We can assure that you get the real deal.*

## THE ECO-FRIENDLY „SILICON“ SOLUTION

*Sustainable meets practical functions. The stylish Bio Case is as light as a feather, only 1mm thin and comes with a perfect iPhone fit! The proven shock-proof construction cushions falls from a height of 1.4m. Each organic phone case has a smooth, non-slip surface that slides easily in & out of your pocket - but not out of your hand.*

**SGS**  
certified

## BIO PLASTIC

*Over 2 years of research & development made it possible to use our plantbased material as a green alternative for common plastic. It is flexible & durable but still 100% environment-friendly!*

OUR GOAL  
100% BIO UNTIL 2021

*At this point in time our cases are made of 40-60% wheat mix to ensure a longer lifespan of at least 3 years. In order that you can enjoy our BioCase for a longer time, we need to include recycled plastic. Our goal: to develop a 100% Bio Case until 2021!*

## FRESH COLOURS & SOFT FIBRE

*We have made it our mission to select the most trendy colors for our Bio Cases & release new colors each season! The soft, inside fibre protects your phone from scratches and is also 100% vegan & pollutant free.*

# ECO-FRIENDLY PACKAGING

*All of our packaging materials are 100% recyclable & made from waste kraftpaper. It helps to fight the rise against plastic consumption & supports a plastic free world. Still they represent our vision of a minimalistic premium design. Don't worry: The hook is made from recycled plastic!*

## MAKING A CHANGE

*We want to make our contribution to the environment because we care about the planet. Each sold case helps to reduce plastic consumption and CO2 emissions, preserves limited resources, protects the environment and saves the forests. Let's make a change together!*

# THIS PRODUCT PLANTS TREES

*We are proud to announce our partnership with Trees for the Future. It allows us to donate a tree in Africa for every sold Bio Case. Together with our customers we already planed over 100.000 trees! Stop talking. Start planting!*

# OUR BIO COLLECTION

*We are presenting four trendy Bio Cases: khaki green, old rose, midnight black, natural white. There is something for everybody!*
