Before operating the unit, please read this guide thoroughly and retain it for future reference.
• IPX7 (Degree of protection against water immersion): For details, refer to the Help Guide.
• IPX8 (Degrees of protection against dust): For details, refer to the Help Guide.

• The supplied accessories and the connectors of this unit (USB) are neither waterproof nor dustproof. To reduce the risk of fire or electric shocks, do not expose the unit to water or droplets while using either the both of the connectors. Do not place a vase or any other liquid-filled container on the unit.

The waterproof and dustproof performance of the unit is based on our measurements under the conditions herein described. Note that malfunctions as a result of water immersion or dust intrusion caused by misuse by the customer are not covered by the warranty.
