# ROG DESTRIER

## SL400

ROG Destrier Ergo Gaming Chair features an ergonomic design to provide better support, ensuring good posture. The first ROG chair of its type, it allows gamers to enjoy immersive gaming while relaxing their body with a highly adjustable carriage.

A detachable acoustic panel reduces surrounding noise interference, and a Mobile mode holds the gamers phone at eye level, so they don't have to bend over to view the screen. Plus, the armrests can be adjusted to exceptionally high settings and they include added material to provide better next-level comfort.

# Made For Mobile Gaming

A special mode designed especially for mobile play allows the armrest to be raised by up to 14 cm, elevating your arms to the ideal height for handheld gaming – while 360° rotation enables infinite fine-tuning for total comfort.

# Detachable Acoustic Panel

The detachable acoustic panel blocks distractions from the sides and creates enveloping audio experiences from front-firing speaker setups.

## -6 dB, 2X Distance

According to the inverse square law, for each doubling of distance from a point source, the sound pressure level decreases by approximately 6 dB.
