

ROG HONE ACE

AIM LAB EDITION

Gaming Mouse Pad

Key Features

Synergistic Aim Lab accuracy training

Measurement markings on the mouse pad work in tandem with Aim Lab software to help players train aiming accuracy for FPS gaming

Protective nano coating

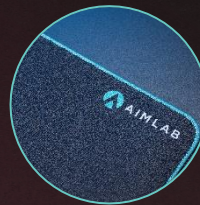

Water-, oil- and dust-repellent surface is easy to clean and maintain

Optimized Mousing Surface

Hybrid cloth surface ensures smooth movement and provides adequate friction for precise feedback

Extra-soft rubber base

3 mm thick rubber base provides a stable, nonslip foundation with the right amount of cushioning for gaming comfort
