

ROG HARPE ACE MINI

Wireless Gaming Mouse

Key Features

Lightweight 49-gram, Refined mouse shape Design - An alternate, small-sized version of the pro-approved Harpe Ace mouse shape for a wider spectrum of user handshape and grip types.

Onboard Controls & Customization
Customize DPI, polling rate, and lighting with onboard buttons or via Armoury Crate Gear, and sync with other Aura Sync products for a unified aesthetic.

ROG SpeedNova delivers industry-leading **low-latency performance, stable 2.4 GHz RF connectivity** and **outstanding 105hr battery life**

Tri-mode connectivity - Flexibility with **wired USB, low-latency 2.4 GHz RF, plus Bluetooth®** mode to pair up to three devices

ROG AimPoint Pro Optical Sensor boasts 42,000 dpi resolution with <1% deviation, ensuring precise tracking.

Track-on-Glass technology allows the mouse to function smoothly on almost any surface, providing reliable performance even without a mouse pad.

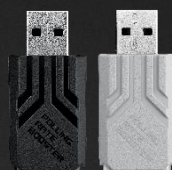

ROG Optical Micro Switches provide instantaneous actuation with a **100 million click lifespan**, perfect for gamers seeking quick and accurate inputs.

ROG Omni Receiver allows users to connect **one compatible keyboard and one compatible mouse** at the same time

Support **ROG Polling Rate Booster** to achieve up to 8000 Hz polling rate in both wired and wireless modes, reducing input delay for smoother, more responsive gameplay.
