ProArt Case PA602

Wood edition

The ProArt PA602 wood edition is designed for creators seeking the pinnacle of modern living, tailored for those who desire the finest in high-class aesthetics. The wooden computer case provides a unique and stylish appearance while promoting eco-friendly practices.

The selected ash wood has superior hardness and durability. Through the six-stage process, we create long-lasting and beautiful wood pieces for the chassis, making it an ideal choice for sustainable and style-aware tech enthusiasts.

Selected ash woods → Thermowood process → Shaping → Surface grinding → Coating for exterior appearance → Coating with low Sheen surface finish
