

ROG PELTA

Tri-Mode Wireless Gaming Headset

Key Features

Three-Level Adjustable Elastic Headband offers customization for different head shapes but also reduces pressure to ensure a comfortable fit when using it on the go or for all-day gaming.

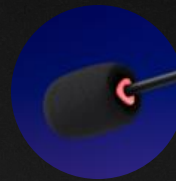

Breathable Mesh Fabric Ear Cushions feature hexagonal patterns and are designed to enhance airflow to keep you cool and comfortable while gaming.

The **ROG-exclusive 50mm titanium-plated diaphragm drivers** deliver high-resolution acoustic performance with crisp, detailed treble and reduced distortion for lifelike in-game sound.

Pelta provides up to **70 hours***, and **45 hours** battery life in 2.4GHz mode. It also supports **fast charging**, offering up to 3 hours of listening time with just a 15-minute charge.

10 mm Super-Wideband Microphone covers a wider frequency range to capture every nuance in your voice without peaking or distortion, delivering natural and clear voice quality

The **ROG SpeedNova** wireless technology optimizes the 2.4 GHz band to deliver a robust, ultra-low latency connection and enhanced energy efficiency without compromising in-game performance.

Synchronizes effects with other **Aura Sync**-enabled products for a unified look

Versatile **Tri-Mode Connectivity**, Bluetooth, ultra low-latency 2.4 GHz wireless, and a USB-C® Wired connection

Specifications

ROG Pelta

Tri-Mode Wireless Gaming Headset

Headphones	
Connectors	USB-C 2.4GHz / Bluetooth / USB-C® Wired
Driver	50mm
Driver Material	ROG Titanium-plated diaphragm driver
Frequency response	20Hz - 20KHz
Impedance	32 Ohms
Microphone	
Type	10mm Detachable Super Wideband Boom microphone
Frequency response	100Hz - 10KHz
Sensitivity	- 40 ± 3 dB
Dimension	
Product (mm)	169.4*93*223.2
Product weight	Approx. 309g
Colorbox (mm)	260.5(L) x 188 (W) x 100 (H)
Colorbox with product weight	770 g
