*All specifications are subject to change without notice.

*1. *measuring a screen brightness of 200 cd/m² without audio/ USB/ Card reader connection*

*2. ASUS antibacterial treatment is registered by US EPA and authorized under EU BPR.

*3. Tested by an independent third-party laboratory according to the ISO 22196 standard (Measurement of antibacterial activity on plastics and other non-porous surfaces), using bacterial cultures that include Escherichia coli and Staphylococcus aureus, with an antibacterial activity result of R > 2 compared to an untreated surface. R = 2 indicates a 99% reduction in bacterial activity.

*4. This software can be downloaded from ASUS website and works with Windows OS.
