

G502 X PLUS LIGHTSPEED

G502 Gaming Mouse is the world's most popular mouse. G502 X PLUS is reinvented and redesigned with the latest innovations in gaming technology, featuring all-new hybrid optical-mechanical switch technology: LIGHTFORCE. Now, incredible speed and reliability, as well as precise actuation are one. Available in black and white colorways.

FEATURES

- **Icon reinvented:** From the legacy of Logitech's most popular G502 design, G502 X PLUS is reimagined and redesigned with the latest innovations in gaming technology; available in black and white
- **LIGHTFORCE switches:** All-new hybrid optical-mechanical switch technology for incredible speed and reliability, as well as precise actuation with crisp response, for hours of performance gaming
- **LIGHTSYNC RGB:** This RGB gaming mouse features glowing 8-LED lighting that's customizable and adapts as you game with startup/power-down effects and battery optimisation through active play detection
- **LIGHTSPEED wireless:** This wireless mouse features pro-grade connectivity, with an updated protocol achieving 68 percent faster response rate than the previous generation and improved reliability
- **HERO 25K gaming sensor:** Incredibly precise down to the sub-micron for high-precision accuracy with zero smoothing/filtering/acceleration for high gaming performance every time on the computer
- **Redesigned DPI-shift button:** This cordless optical gaming mouse features a reversible and removable DPI-shift button for precise customization depending on your grip and preference
- **Redesigned dual-mode scroll wheel:** Switch between hyper-fast free spin and precise ratcheting mode, and tilt left and right for two additional personalizable controls
- **POWERPLAY compatible:** G502 X PLUS wireless PC gaming mouse stays charged, at rest and at play, with our unique wireless charging solution (sold separately)
