Full HD resolution

1080p Full HD resolution from such a small product — you no longer have to choose between a portable projector and high resolution. XGIMI advanced autofocus technology ensures that the projected image is always clear and bright.

100-inch+ 3D big screen

100-inch full-HD large screen, equivalent to the size of four 50-inch TVs, can turn your home to a theater . The vivid picture is provided by active shutter 3D imaging technology, which brings you the ultimate viewing and gaming experience. (It can project up to 300-inch)

Protecting your eyes

Indirect LED light source do less harm to your eyes ,and diffuse imaging is more comfortable and less dazzling to your eyes, it's more suitable for families with children.

harman/kardon

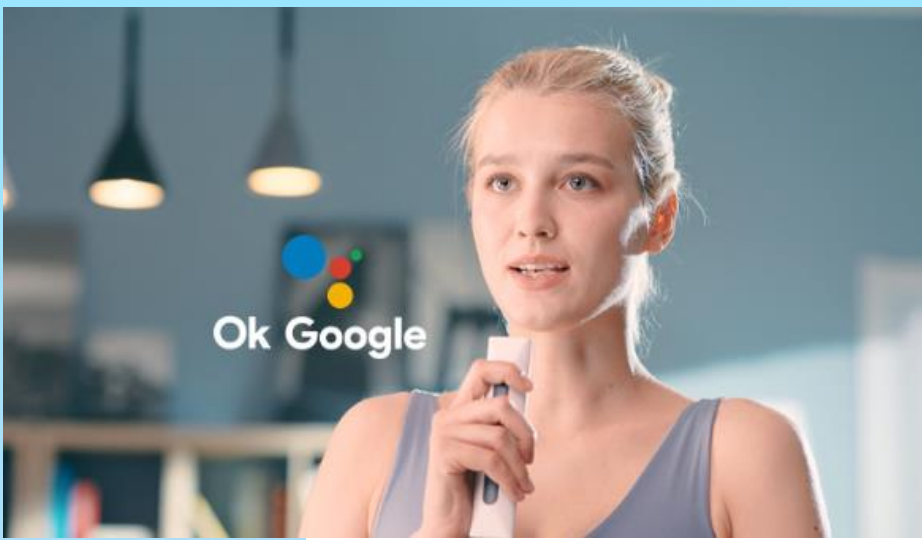

Incredible Sound

XGIMI MoGo Pro+ is powered by Harman-Kardon dual-speaker. The sound is professionally tuned by Gold Ear Lab, Pro+'s speaker meaning the MoGo is well balanced and perfect for any kind of music. You can also use it as an external Bluetooth speaker via Bluetooth or 3.5mm Audio Cable.

Non-stop Entertainment

MoGo Pro+ works with the Google Play Store for Android TV. Whatever you're into, from Showtime to YouTube to tons of games, there are innumerable apps to find and fall in love with. With 5000+ native apps, Android TV opens the door to a world of entertainment for you.

How Can I Help You?

Just press the mic button on your remote and say "Hey Google" to quickly find the latest blockbuster, check the score of the big game, or dim the lights — all without leaving your seat or what you're already watching.

Easy Share

Go from your phone, tablet, or laptop to your TV in an instant. With Chromecast built-in, you can cast all your favorite movies, shows, apps, games, and more directly to your TV. Learn more

Fast and Accurate

It's equipped with XGIMI's exclusive eagle-eye perception system, which provides imperceptible autofocus and multi-angles auto keystone correction functions.

Integrated Stand

The integrated stand is hidden at the bottom of the MoGo Pro+. It can achieve a 0-30° elevation adjustment.

Small and Light

The body is only 14.7cm (5.8 inch) high, and the net weight is 0.9kg (1.98lbs). Like the size of a water bottle, which does not take up much space and can be easily put into the bag.

Large Memory

No internet on the go? Don't worry! MoGo Pro+'s 2GB + 16GB of memory can store up to 10 movies and 1,000 songs, so your favorite content is always with you during your journey.

More Powerful

12,400 mAh built-in large capacity battery ensures you can enjoy longer playtime. Users can watch up to 4 hours movie or listen to 8 hours of music with a one-time charge

Ultra Long Lifespan

The MoGo Pro+ utilizes a highly efficient LED light source, allowing its projections to stay perfectly crisp, clear and bright for its entire LED lifespan of 30,000 hours. You could watch 4 movies with the MoGo Pro+ every day for the next 10 years

Choose your content

- Enjoy your favorite contents via connecting to your own external devices like HDMI and USB, or wirelessly over Chromecast and Bluetooth to the Halo. Play XBOX or Nintendo Switch on Halo's giant screen, experience immersive games.
