1. Product size, product weight, and related specifications are theoretical values only. Actual measurements between individual products may vary. All specifications are subject to the actual product.

2. Due to limitations in CPU processing power, memory used by the operating system and pre-installed applications, the actual space available to users may be less than the stated memory capacity. Actual memory space may change due to application updates, user operations, and other related factors.

* The preceding specifications are theoretical values based on product design. Some features and specs may vary across markets. To provide accurate product information, specifications, and features, HUAWEI may make real-time adjustments to the preceding specifications, so that they match the product performance, specifications, indexes, and components of the actual product. Product information is subject to such changes and adjustments without notice.
