

# V9 PRO

## Wireless Gaming Headset

**MSRP: USD 62.40**

Available via [mchose.com](https://mchose.com) and selected retail partners

### DESCRIPTION

The MCHOSE V9 PRO is our flagship wireless gaming headset for players who treat audio as part of their aim. It delivers immersive positional sound, instant wireless response and all-day comfort in a clean, understated design that fits any setup

### KEY FEATURES

#### DESIGN & COMFORT

- Lightweight design: approx. 275 g
- Ultra-light aluminum alloy headband with thick, soft padding
- Breathable memory-foam earpads with skin-friendly protein leather
- 9-step adjustable headband and rotatable earcups for a precise, comfortable fit
- Over-ear design with spacious earcups for full coverage

#### AUDIO PERFORMANCE

- 53 mm bio-cellulose drivers for detailed, immersive sound
- Virtual 7.1 surround tuned for FPS – hear footsteps and gunshots with precision
- 20–20,000 Hz response, 32 Ω impedance and 113 sensitivity

#### WIRELESS & BATTERY

- Up to 250 hours of battery life with tri-mode wireless
- MCHOSE TOPSPEED wireless with latency as low as 15 ms in 2.4G mode
- Up to ~40 m range in Bluetooth and ~15 m in 2.4G for flexible movement
- 2,000 mAh battery for up to 250 hours of use, and play-while-charging
