

WYBOTICS CO., LTD		 WYBOTICS
Item number	WYBOT C2	
Product name	POOL ROBOT	
PICTURE 		FEATURE ➤ NEW in 2025 ➤ Brushless motor ➤ Long working cycle: upto 3 hour running time ➤ Double Filtering For Ultimate Cleaning:a fine mesh of 180µm to effectively intercept leaves and other large particles of trash, while the built-in HEPA ultra-fine filter specializes in traps dust and other tiny particles minimize to 10µm to ensure crystal clear water ➤ 7 Mode Selection: Standard full pool, Floor only, Wall only, Waterline only, Wall then floor, Turbo floor and Eco floor, Additionally 6 path planing and 4 cleaning schedule for choice ➤ All Types of Pools: C2 cordless pool vacuum works with inground or above ground pools up to 2152 sq.ft, including multi surfaces- tiles, concrete, vinyl, and fiberglass ➤ With auto-parking system, automatically returns to the pool edge for easy retrieval.

Product Specification			
Cleaning Coverage	Floor, Wall & Waterline	Cleaning Modes Setup	Via Smartphone App
Runtime	2 hours	OTA Remote Update	☒
Charging Time	3 ~3.5Hours	Battery Level Display	☒
Battety Type	Lithium-ion Battery	Robot Weight	8Kg
Battety Capacity	21.6V 4600mAh	Robot Size	360(L)*360(W)*240(H) mm
Power	65 Watts	Package Weight	10.90kg
Numbers of Motors	Triple-motors	Package Dimension	465*430*295mm
Filtration Type	180µm Regular Filter Basket + HEPA	What's in the box?	1 x Robot
Flow Rate	11.5 M³/H		1 x Charger
Moving Speed	10m/min		Floating parts
Sensor Type	Gyroscope		1 x Retrieval Hook
Smartphone App	☒ Bluetooth		1 x User Manual
Remote Control	☒		1 x Quick Start Guide
Timer Type	Cycle timer/ 1*120/2*60/3*40/4*30 Minutes	Warranty	24 Months
Timer Setup	Via Smartphone App	13 Digit EAN	0 6975843747358
Cleaning Modes	· Floor	12 Digit US UPC	860012665440
	· Wall	Pool Size (m²)	Max.150
	· Standard Full Pool		
	· Wall then Floor		
	· Eco Mode		

WYBOTICS CO., LTD		 WYBOTICS
Item number	WYBOT A1	
Product name	POOL ROBOT	
PICTURE 		FEATURES ➤ For all pool types with flat bottom (max slope < 15°) and floor only ➤ Up to 120 minutes of continuous run time ➤ Ideal for above ground pool upto -1076ft² ➤ LED Indicator: power status ➤ With dual-motor ➤ Dual-filter: one regular in 180μm and the other foam filter as fine as 30μm ➤ Cycle Timer-Specify the frequency, up 4 times 7 days ➤ Patented Edge-enhanced cleaning technology ➤ Easy to Retrieve-Built in intelligent self-parking system

WYBOTICS CO., LTD		
Item number	WYBOT S2 SOLAR	
Product name	POOL ROBOT	
PICTURE		FEATURE
		➡Two ways of charging: ① "Real green energy" : solar charging to provide power to the robot ② "In-water" inductive charging: world's first pool robot that autonomously returns to a charging station which is located on the pool wall, enables inductive charging ➡ Double Filtering For Ultimate Cleaning: a fine mesh of 180µm to effectively intercept leaves and other large particles of trash, while the built-in FOAM ultra-fine filter specializes in traps dust and other tiny particles minimize to 30µm to ensure crystal clear water ➡ 7 Mode Selection: Standard full pool, Floor only, Wall only, Waterline only, Wall then floor, Turbo floor and Eco floor, Additionally 7 path planing and 4 cleaning schedule for choice ➡ All Types of Pools: works with inground or above ground pools up to 2152 sq.ft, including multi surfaces- tiles, concrete, vinyl, and fiberglass ➡ "Real hassle free": Only need to maintain and clean the filter, and leave it in pool for charging

Product Specification			
Cleaning Coverage	Floor, Wall & Waterline	Cleaning Modes Setup	Via Smartphone App & Touch Pad
