Screeneo UL5 Smart

Ultra Short Throw Projector

Triple RGB Ultra Short Throw Laser Projector

Elevate your entertainment experience with the Screeneo UL5 Smart, our groundbreaking Triple Laser Ultra Short Throw projector. With a compact design that fits into any space, this device projects radiant 80-inch images from just 16 inches (41cm) away, and can scale up to a remarkable 120-inch cinematic marvel. Whether projecting onto a white wall or a dedicated screen, or standing to project onto a table, the Screeneo UL5 Smart immerses you in a vibrant, theater-like spectacle from the comfort of your home.

The Screeneo UL5 Smart redefines visual excellence, boasting Full HD 1080p resolution, 550 ANSI Lumens, HDR10, and expansive color gamut coverage of 200% REC709, 150% DCI-P3, and 108% REC2020. This ensures each image is rendered in stunning detail, with colors that closely mimic reality for an unforgettable viewing experience.

Setting up the Screeneo UL5 Smart is effortless, thanks to its auto-focus and vertical keystone features, which ensure a perfectly aligned picture every time.

Further enhancing its usability is the integrated LuminOS, a smart operating system equipped with a suite of apps, providing you with the convenience of direct streaming from the projector.

Reliable connectivity is at the heart of the Screeneo UL5 Smart, with dual Wi-Fi bands ensuring smooth, uninterrupted streaming. A variety of ports, including HDMI and two USB-C slots, allow for versatile power and video connectivity options.

The Screeneo UL5 Smart doesn't compromise on sound, offering 2x3watt speakers that fill the room with clear audio, even at low volumes. And if you crave an even larger sound, easily connect any external Bluetooth speaker for a booming audio experience.

Portable and sleek, the Screeneo UL5 Smart is designed for easy relocation, making it possible to transform any room into your personal theater. With the Screeneo UL5 Smart, a superior viewing experience awaits you, anytime, anywhere.
