PHILIPS

Screeneo U4

SCN350/INT

Ideal for your bedroom, the Screeneo U4 Ultra Short Throw projector delivers vivid imagery within an exceptionally short distance of the projection surface. Set it just 9 inches (23cm) away to get 60 inches of bright, vivid viewing, or go farther to get images up to 120 inches. Whether you're projecting onto a white, smooth wall or adding a dedicated screen to your setup, you'll experience brilliant, theater-quality entertainment. With an incredible True Full HD 1080p, HDR, and leveraging XPR technology, the Screeneo U4 delivers impeccable precision and detail. Our Flowmotion technology makes animation look and feel more fluid especially with fast motions. The Screeneo U4 also boasts sound with 2x15watts to fill the room, even at low volume. And if you want to watch your movie without disturbing anyone, the Dual Bluetooth technology lets you connect 2 sets of earphones at the same time and control their volume independently.

Compact and discrete, the Screeneo U4 can be easily moved from room to room and set up in a second thanks to the auto-focus. Simply connect it to any source such as an Apple TV, Amazon Fire TV dongle or your gaming console!

| Ultra Short Throw | True Full HD 1080p | Up to 120" | Auto Focus Auto Keystone | 2x15w speakers | Dual Bluetooth | 123.5x81.5x223.5mm | 1.4kg |

Adjust the projector's position to get the perfect screen shape and size.
