## NeoPix 750 Smart

NPX750/INT

## Massive image, Android and LuminOS with apps

The NeoPix 750 Smart projector is made to deliver the best entertainment experience on a massive 120" display! With Android and LuminOS, your favourite content is always front and centre. Whether you're looking for a new show on Netflix, Hulu, or Disney+, LuminOS provides you with the apps you need. In addition, keystone, 4 corners correction, and digital zoom corrections help eliminate crooked and distorted images for a perfectly proportioned picture even if the device is not in front of the wall. The powerful audio system will provide outstanding sound and clear bass for total cinematic immersion.

Connect all your favourite devices via HDMI (like smartphones, tablets, laptops or gaming consoles), and play all your videos, pictures, and audio files from a USB, thanks to the built-in multimedia player. There is also ports for HDMI, USB-A & USB-C, and a 3.5mm jack to connect external speakers. The additional dual band Wi-Fi technology is ideal for streaming Full HD movies.
