cable included

Connect your
smartphone!

Compact. Versatile. Immersive

Experience entertainment like never before with the NeoPix 150, a compact projector built to transform any space into your personal theater. Its innovative 180-degree rotating stand allows for effortless projection on virtually any flat surface.

Delivering stunning visuals in native Full HD 1080p resolution, the NeoPix 150 produces bright and vivid 80" images in dark environments. Whether it's movies, gaming, or presentations, you can easily connect your favorite devices via the built-in HDMI port, compatible with gaming consoles, laptops, Blu-ray players, and more. The integrated stereo speakers provide clear audio on the go, and the 3.5mm audio jack gives you the option to enhance your sound experience with external speakers.

Enjoy your pictures and videos with your friends and wirelessly stream all your moments from any portable devices such as laptop, smartphones or tablets, thanks to the Wi-Fi screen Mirroring*. To top it off, the NeoPix 150 includes a USB-C to HDMI cable, making it simple to connect your smartphone and stream your favorite apps directly onto the big screen.

Compact, versatile, and designed for convenience, the NeoPix 150 is your all-in-one solution for entertainment wherever you are.
