### Compatibility:

Universal

### DESCRIPTION:

**TOUCH** is the car holder by Cellularline with the exclusive MAG4 magnetic technology.

It is mounted on the airvents thanks to a universal claw.

Safe – No interference with phones: the configuration of the magnet aims the magnetic power on the metal plate without passing through it.

Strong – It holds firmly even the largest phone.

Simple – Setting a phone for MAG4 usage is just a matter of applying the metallic plate directly on the phone or placing it between the phone and its cover.

Steady – It enables a full integration between the car holder and the car itself.
