Tripod Bluetooth® selfie stick

Features:

- Maximum distance: 10 m
- Dual function: selfie stick and tripod stand for maximum freedom of movement during shooting
- Rotating support for vertical and horizontal selfie
- Removable Bluetooth® remote control for remote shooting

Compatibility:

Universal

DESCRIPTION:

FREEDOM is the Bluetooth® selfie stick with a tripod function that lets you take photos, selfies and videos wherever you are with complete freedom of movement. It's fitted with a Bluetooth® remote control that can be removed from the handle, so you can capture the perfect moment up to 10 metres away!

Freedom has a dual function: it can also be used as a classic selfie stick simply by closing the base.
