MULTIPOWER DESK 65W

Wall Charger 65W with 4 ports

Features:

- Total Output: 65W
- USB ports: 18W (*output max*)
- Internal USB-C ports: 18W (*output max*)
- Lateral USB-C ports: 65W Power Delivery (*output max*)
- Automatic adaptor for power sources between 110V/240V
- Charge optimization to protect the battery
- Protection circuit against overloads and short circuit.

Compatibility:

USB-C Smartphones, tablets and laptops 65W

DESCRIPTION

MULTIPOWER DESK 65W is the “ultra compact” desk charger, it is the unique solution to charge: smartphones, tablets and laptops compatible with 65W charging and below.

The lateral USB-C port, equipped with **Power Delivery 65W** charging, enables the Super Fast Charging 2.0 for the compatible Samsung devices.

The USB-A ports and the internal USB-C port, provide an adaptive **fast charging 18W**.

This charger is equipped with **GaN technology**, this technology is based on gallium nitride, a material recently used in semiconductors inside battery chargers. The main advantage of gallium nitride in relation to battery chargers is that it produces less heat. The lower heat generation allows the components to be closer together and, consequently, reduces the size of the chargers.
