SKU Code: **HANDYHOLDERK**

In-car holder for standard airvents

Technical Features:

- Compact and versatile: thanks to the clamp mechanism that grips the smartphone on just two sides;
- Mounting in the car on standard air vents;
- 360° rotation;
- Access to connectors, buttons, and screen.

Compatibility:

Universal

DESCRIPTION:

SPIN AIR is the Cellularline in-car holder that allows you to keep your phone within reach while driving.

Its compact size and elegant design enable Spin Air to perfectly integrate with the car's air vents.

Thanks to the innovative attachment mechanism, the car holder can be rotated 360°, allowing both vertical and horizontal viewing.
