MAG Qi2 WIRELESS CHARGING PAD

Qi2 wireless charging pad

Features:

- Wireless Output Max: 15W;
- Soft touch magnetic pad with elegant metallic finishes;
- 1m braided silicone cable;
- Qi2 Certification;
- Equipped with a magnetic adapter to enable wireless charging for all wireless smartphones.

Compatibility:

All wireless smartphones

DESCRIPTION:

MAG PAD is the magnetic wireless charging pad designed for the fast and safe charging of all wireless smartphones.

Thanks to the **Qi2 certification**, MAG PAD offers fast charging up to 15W for all compatible devices, with precise magnetic alignment, safety, and efficiency. The package also includes a **Magnetic Ring**, which allows the attachment between the device and accessory and enables wireless charging on all smartphones compatible with this technology.

The pad's design features an elegant **soft touch coating and metallic finishes**, while the **1m braided silicon cable** ensures long-lasting durability and resistance.
