

Wavo PRO DS

Professional Microphone for Vloggers and YouTubers

JB01801-BWW

Overview

The JOBY Wavo PRO DS mic is a professional On-Camera microphone in a simple, easy-to-use package. Designed to deliver high-quality audio straight out of the box, with key impactful features such as safe track (-10db) and Low-cut filter to adjust sound as needed. Charge via a USB-C cable, fit it to your choice of camera hardware and get ready to roll. The front and back LEDs provide top-notch control over sound output and battery levels. Start managing your audio with confidence and creativity; no need to keep your fingers crossed anymore hoping your audio is going to be good.

Applications

- Professional aluminum design matches your latest camera gear
- -10 dB safe track recording option to never miss any moment
- Output gain level lets you bypass low-quality camera preamp
- Optional 100-Hz high-pass filter eliminates low frequency rumble
- The built-in LEDs give you quick feedback on your audio levels

Accessories

- Windjammer Wavo PRO (JB01802-BWW)
