Features in detail

SkinProtect sensor

Skin tone varies across the body. The SkinProtect sensor reads your skin tone 80x per second and automatically adjusts the power of every flash to your different body areas.

Fast

Treat your full body in just 13 minutes.¹ Requires only 1 session per week for a total of 12 weeks. Then touch-up, if needed.

300,000 flashes

Braun IPL Silk-expert Mini comes with 300,000 flashes that deliver an equivalent of 18 years of full body treatments.²

Gentle on intimate

Braun IPL devices are both dermatologically approved and gynecologically tested, making them suitable for use on intimate areas.³

Accessories in detail

Gillette Venus Razor

Before IPL treatment, remove all visible hair in the area you want to treat with the razor. This will help the light pulse to penetrate the hair root more easily.

¹ Legs (upper & lower), underarm, bikini, upper lip ² When following recommended regimen. ³ Not to be used by women on: scalp, eyes, forehead, nipples, on mucous membranes such as the labia minora, vagina, anus; and men on: scalp, face, neck; nipples, penile shaft, scrotum, anus.
