Features in detail

28 MicroGrip tweezers

Removes hairs that wax cannot catch. The MicroGrip tweezers capture hair as short as 0.5 mm.

Gentle & power mode

Choose the mode that is best for your individual skin type and personal beauty routine. Gentle mode for sensitive areas, power mode for best efficiency.

Smart Light

The Smart Light illuminates the skin and reveals even the finest hairs you would normally miss.

Wet & Dry

100% waterproof. For more comfort, gently epilate in the bath or under the shower to limit pain perception.
