Features in detail

Wide head

The wide epilator head removes more hairs¹ in one stroke, for an easy and fast epilation.

Smart Light

The Smart Light illuminates the skin and reveals even the finest hairs you would normally miss.

Wet & Dry

100% waterproof. For more comfort, gently epilate in the bath or under the shower to limit pain perception.

40 MicroGrip tweezers

Removes hairs that wax cannot catch. The MicroGrip tweezers capture hair as short as 0.5 mm.

Gentle & power mode

Choose the mode that is best for your individual skin type and personal beauty routine. Gentle mode for sensitive areas, power mode for best efficiency.

Accessories in detail

Shaver head and trimmer cap

The shaver head turns the epilator into a fully functional shaver, while the trimmer cap (4 mm length) lets you trim hair if you prefer. Great for removing hair even in the most sensitive areas.
