

Mixing Bowl, 3.0L - Matt Steel / Black

The gently curved edge is specially designed to hold the bowl in the optimal mixing position, while the silicone base coating prevents the bowl from slipping and is heat resistant up to 220°C. The measurements on the inside of the bowl make it simple to mix ingredients accurately.

Benefits & Features

- Non slip base: Bowl stays stable and prevents damage to the worktop.
- Heat resistant coating (220°C/448°F). Also suitable for warm ingredients.
- Handy graduation on the inside. Easy to use.
- Made of stainless steel: Easy to clean and solid
