**EN** For more detailed operating and safety instructions, see the "Important Safety Information" sheet included in the printer package or the User's Manual on the website. For information on how to turn on the **Bluetooth®** feature of the computer or mobile device, consult the documentation for the computer or mobile device.

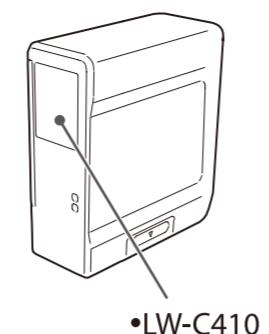

**FR** Pour des instructions d'utilisation et de sécurité plus détaillées, consultez la fiche « Important Safety Information » incluse dans le carton de l'imprimante ou le Manuel de l'utilisateur sur le site Web. Pour plus d'informations sur l'activation de la fonction **Bluetooth®** de l'ordinateur ou de l'appareil mobile, consultez la documentation de l'ordinateur ou de l'appareil mobile.

**DE** Ausführlichere Betriebs- und Sicherheitshinweise finden Sie auf dem Dokument „Important Safety Information“, das dem Drucker beigelegt ist, oder im Benutzerhandbuch auf der Website. Informationen zum Einschalten der **Bluetooth®**-Funktion des PCs bzw. des mobilen Endgeräts finden Sie in deren jeweiligen Betriebsdokumentation.

**NL** Voor meer gedetailleerde instructies over de bediening en de veiligheid, raadpleeg het document „Important Safety Information“ dat is meegeleverd in de printerverpakking of de gebruikershandleiding op de website. Voor informatie over het inschakelen van de **Bluetooth®**-functie van de computer of het mobiele apparaat, raadpleeg de documentatie van de computer of het mobiele apparaat.

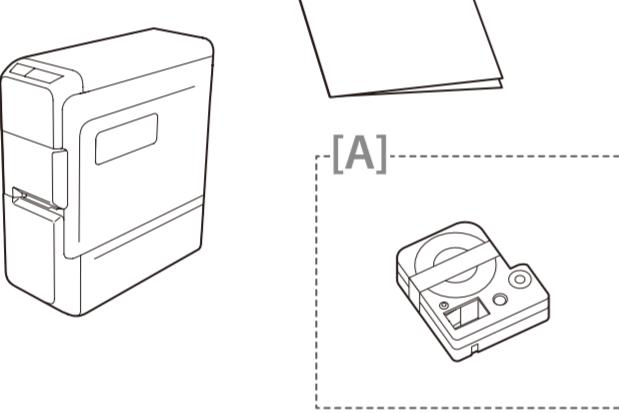

**IT** Per istruzioni più dettagliate sul funzionamento e la sicurezza, vedere il foglio ‐Important Safety Information‐ incluso nella confezione della stampante o il Manuale dell'utente sul sito web. Per informazioni su come attivare la funzione **Bluetooth®** del computer o del dispositivo mobile, consultare la documentazione del computer o del dispositivo mobile.

**ES** Para obtener instrucciones más detalladas sobre el funcionamiento y la seguridad, consulte la hoja ‐Important Safety Information‐ incluida en el paquete de la impresora o el Manual del usuario en el sitio web. Para obtener información sobre cómo activar la función **Bluetooth®** del ordenador o del dispositivo móvil, consulte la documentación del ordenador o del dispositivo móvil.

#### FCC Compliance Statement

##### Supplier's Declaration of Conformity

According to 47CFR, Part 2 and 15  
Class B Personal Computers and Peripherals; and/or  
CPU Boards and Power Supplies used with Class B Personal Computers:

We: K-SUN Corporation  
Located at: 370 SMC Drive PO Box 309 Somerset WI 54025, USA  
Tel: 715-247-4440

Declare under sole responsibility that the product identified herein, complies with 47CFR Part 2 and 15 of the FCC rules as a Class B digital device. Each product marketed, is identical to the representative unit tested and found to be compliant with the standards. Records maintained continue to reflect the equipment being produced can be expected to be within the variation accepted, due to quantity production and testing on a statistical basis as required by 47CFR §2.906 Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Trade Name: EPSON  
Type of Product: Label Printer  
Model: LW-C410PX

#### FCC Compliance Statement For United States Users

This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This device generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
  - Increase the separation between the equipment and receiver.
  - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
  - Consult the dealer or an experienced radio/TV technician for help.
- This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency(RF) Exposure Guidelines. This equipment should be installed and operated keeping the radiator at least 20cm or more away from person's body.

#### WARNING

The connection of a non-shielded equipment interface cable to this equipment will invalidate the FCC Certification or Declaration of this device and may cause interference levels which exceed the limits established by the FCC for this equipment. It is the responsibility of the user to obtain and use a shielded equipment interface cable with this device. If this equipment has more than one interface connector, do not leave cables connected to unused interfaces. Changes or modifications not expressly approved by the manufacturer could void the user's authority to operate this equipment.

#### Industry Canada Compliance Statement For Canadian Users

CAN ICES-3(B)/NMB-3(B)

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage (2) l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment and meets RSS-102 of the IC radio frequency (RF) Exposure rules. This equipment should be installed and operated keeping the radiator at least 20cm or more away from person's body.

Cet équipement est conforme aux limites d'exposition aux rayonnements énoncées pour un environnement non contrôlé et respecte les règles d'exposition aux fréquences radioélectriques (RF) CNR-102 de l'IC. Cet équipement doit être installé et utilisé en gardant une distance de 20 cm ou plus entre le radiateur et le corps humain.
