3 delicious fresh bean coffees, easier than ever

LatteGo, the fastest to clean milk system ever*

Easily make aromatic coffee varieties like Espresso, Coffee and Cappuccino at the touch of a button. LatteGo tops milk varieties with silky smooth froth, is easy to set up and can be cleaned in as little as 15 seconds*

A variety of coffees customized to your taste

- Silky-smooth cappuccino; freshly brewed by yourself at home.
- Enjoy 3 coffees at your fingertips
- Easily adjust to your taste with 12-step grinder levels
- Easy selection of your coffee with intuitive touch display
- Adjust aroma strength and quantity via My Coffee Choice

High quality coffee from fresh beans

- Keep your beans fresh for longer thanks to the aroma seal
- 20,000 cups of finest coffee with durable ceramic grinders
- The perfect temperature, aroma and crema cup after cup**

Effortless use and cleaning for everyday enjoyment

- Easy cleaning thanks to fully removable brew group
- Up to 5000 cups*** without descaling thanks to AquaClean
- LatteGo is exceptionally easy to clean: 2 parts, no tubes
- Dishwasher safe parts for your convenience

PHILIPS

Highlights

LatteGo milk system

Enjoy silky-smooth cappuccino, even with your favourite plant-based milk alternatives. Thanks to the cyclonic frothing technology, LatteGo transforms various types of milk and plant-based alternatives with the right amount of fat and protein into the best possible dense layer of foam.

Preserve beans' aroma

The new Aroma seal protects your favorite coffee beans and makes sure they preserve their original aroma over time, while reducing the grinder noise.

Removable brew group

The brew group is the heart of every fully automatic coffee machine, and should be cleaned regularly. The removable brew group

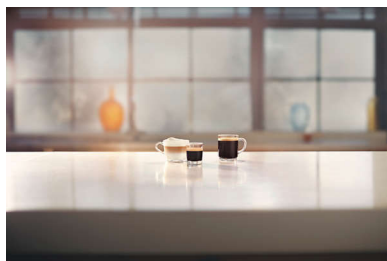

allows you to clean it thoroughly just by rinsing it under the tap.

AquaClean filter

By changing the filter after being prompted by the machine, you will not need to descale your machine for up to 5000 cups***, while enjoying clear and purified water.

3 aromatic coffees

Enjoy your favourite coffees for your special moments. Whether you crave for an espresso, a coffee or a milk based recipe, your fully-automatic espresso machine delivers a perfect in-cup result with no hassle and in no time!

100% ceramic grinders

Bring out the full flavor of your coffee with our hard-wearing ceramic grinder. Our sharp-edged grinders extract the best aroma and flavour from your beans. Made from 100%

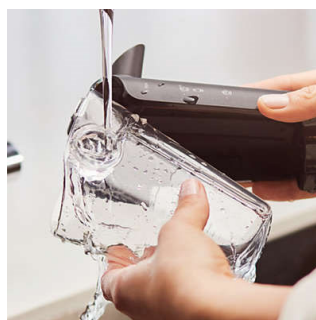

ceramic material which ensures they last for at least 20.000 cups.

Perfect temperature and aroma

The Aroma Extract system intelligently strikes the optimum balance between brewing temperature and aroma extraction by keeping the water temperature between 90 and 98°C, while regulating the water flow rate, so you can enjoy delicious coffees.

2 parts, no tubes milk system

Our 2 parts milk system has no tubes or hidden parts and can be cleaned in as little as 15 seconds under tap* or in the dishwasher.

Dishwasher safe parts

For your convenience, you can put the milk system, drip tray and the coffee ground container in the dishwasher. This will save time and ensure a hygienic cleaning.

Specifications

Country of origin

- Designed in: Italy
- Made in: Romania

Technical specifications

- Cord length: 100 cm
- Voltage: 230 V
- Frequency: 50 Hz
- Capacity milk carafe: 0.26 L
- Capacity water tank: 1.8 L
