GETTING STARTED

SETTING IT UP

- Connect the light strip extender into the extender port of the Razer Aether Smart Light Strip.

- Before plugging the light strip extender into the extender port, make sure the Razer Aether Smart Light Strip is powered off and the light strip extender's pins are properly aligned to the extender port. A maximum of 8 light strip extenders can be connected to the Razer Aether Smart Light Strip.

- Enclose the light strip connection using the protector clip to keep it from being unplugged or exposed to undue pressure.

- Use the adhesive layer on the light strip extender to fasten it on a clean, dry, and flat surface as needed in your setup.

- Power on the Razer Aether Smart Light Strip.

SAFETY AND MAINTENANCE

SAFETY GUIDELINES

- In order to achieve maximum safety while using the Razer Aether Smart Light Strip Extender, we suggest that you adopt the following guidelines:
 - Should you have trouble using the accessory properly and troubleshooting does not work, unplug the accessory and contact the Razer hotline or go to support.razer.com for support. Don't attempt to service or fix the accessory yourself at any time.
 - Don't take apart the accessory and attempt to operate it under abnormal current loads. Doing so may void your warranty.
 - Always handle the accessory with care. When plugging or unplugging the accessory, always grip its plug/connector. Furthermore, make sure to align the accessory's pins before plugging it into the extender port.

REGULATORY & COMPLIANCE INFORMATION

FCC NOTICE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio TV technician for help.

For more information, refer to the online help system on razer.com

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- This device may not cause harmful interference, and
- This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

NOTICE FOR CANADA This Class B digital apparatus complies with Canadian ICES-005.

Cet appareil numérique de la classe B est conforme à la norme NMB-005 du Canada

CANADIAN CLASS B STATEMENT: This digital apparatus does not exceed the Class B limits for radio noise emissions from digital apparatus as set out in the radio interference regulations of Industry Canada. Le présent appareil numérique n'émet pas de bruits radioélectriques dépassant les limites applicables aux appareils numériques de Classe B prescrites dans le règlement sur le brouillage radioélectrique édicté par Industrie Canada.

IMPORTANT NOTICE FOR USE IN HEALTHCARE ENVIRONMENTS This Razer device is not a medical device and is not listed under UL or IEC60601 (or equivalent). This device should be kept at a certain distance to avoid harmful effects to patients or medical equipment.

AVIATION USAGE RESTRICTIONS

Certain restrictions apply to this device while onboard an aircraft. Razer encourages you to understand these restrictions to ensure the flight's safety and security.

AUSTRALIAN CONSUMER LAW COMPLIANCE

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Please refer to razer.com/warranty for further details.

THE FOLLOWING LIMITED WARRANTY ONLY APPLIES TO AUSTRALIA

Limited Warranty. Razer warrants the Product to be free from defects in materials and workmanship (subject to the terms set forth herein) when used normally in accordance with the official documentation for the applicable Warranty Period from the date of retail purchase. If the Product is, or contains, a rechargeable battery, Razer does not provide any warranties for the battery life, as all rechargeable batteries can be expected to lose charging capacity over time and this is not considered a defect. Your actual battery life will vary depending on the conditions in which it is used.

Limited Warranty Period. You are eligible for Limited Warranty support for the following periods of time commencing upon the date of retail purchase of your Product ("Warranty Period"):

Razer Smart Home	1 Year
------------------	--------

All new Products will have the Warranty Periods listed above, subject to local law. Certain "end of life", sell out or discontinued Products may have a shorter Warranty Period; this will be clearly marked at the time of purchase and the given Warranty Period will be stated at that time. Factory Refurbished Products will have a Warranty Period of 90 days. If you are uncertain whether your Product is eligible for Limited Warranty support, please contact our Support team for clarification here.

Exclusions and Limitations. This Limited Warranty does not cover:

- (a) software, including (without limitation), (i) the operating system and software loaded to the Razer-branded hardware products through our factory-integration system, (ii) third-party software, or (iii) the reloading of software, software configurations or any data files.
- (b) non-Razer branded products and accessories, even if packaged and sold with the Product; problems with and/or damage to the Product caused by using non-Razer accessories, parts, or components;
- (c) damage caused by service (including upgrades and expansions) performed by anyone who is not

officially acting as an employee, representative or sub-contractor of Razer;

- (d) claims arising from any unacceptable use or care of the Product, including (without limitation) misuse, abuse, negligence, unauthorized modification or repair, unauthorized commercial use or any operation of the Product outside Razer's recommended parameters;
- (e) claims arising from external causes, including (without limitation), accidents, acts of God, liquid contact, fire or earthquake;
- (f) Products with a serial number or date stamp that has been altered, obliterated or removed;
- (g) Products for which Razer will not receive payment; or
- (h) cosmetic damage and normal wear and tear, including (without limitation), scratches, dents and chips.

Razer does not warrant that the operation of the Product will be uninterrupted or error-free.

Remedies under this Limited Warranty. The benefits to the consumer given by this Limited Warranty are in addition to other rights and remedies of the consumer under a law in relation to the goods or services to which this Limited Warranty relates. If an eligible claim on the Limited Warranty is received by Razer within the applicable Warranty Period, Razer will (at its sole option) either: (a) repair the Product or the defective parts at no charge, using new or refurbished replacement parts; (b) provide online Razer Store vouchers of a value equivalent to the retail purchase price of the Product; or (c) exchange the Product with a Product that is new or which has been manufactured from new or serviceable used parts and is at least functionally equivalent to the original Product. Goods presented for repair may be replaced by refurbished goods of the same type rather than being repaired. Refurbished parts may be used to repair the goods. Razer reserves the sole right to determine whether a claim is eligible and/or whether the Product is defective. Where the Product is an "end of life" Product model, Razer may (at its sole option) exchange the Product with a functionally equivalent substitute model from Razer's current Product range. Razer has the sole option to provide any other type of remedy in addition to or in substitution of the aforesaid remedies. Repaired or exchanged Products shall be warranted free from defects for a period of ninety (90) days after date of repair or exchange (as the case may be), or for the remainder of the original Warranty Period, whichever is longer.

Remedies under Australian Consumer Law. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Entire Limited Warranty. No Razer supplier, dealer, agent, or employee is authorized to alter or extend the terms of this Limited Warranty or to make any representation whatsoever. Razer reserves the right to amend the terms of this Limited Warranty at any time without notice.

Help Resources. Before lodging a claim on the Limited Warranty, please review the online help resources at support.razer.com. If the Product is still not functioning properly after making use of these resources, please contact Razer through support.razer.com or your authorized distributor or dealer. You may be required to assist with the diagnosis process to verify and ascertain any issues which you may be facing with the Product. Service options, parts availability and response times may vary depending on the
