GTLITE PRO

*electronics not included

Introducing the Next Level Racing® GTLite Pro, the perfect foldable GT-style racing cockpit that offers both aesthetics and strength to any Sim racer. Designed with ergonomics in mind, this cockpit provides an immersive racing experience at an affordable price. Compatible and strong for entry-level Direct Drive wheelbases up to 13NM. With its foldable and lightweight design, the GTLite Pro is easy to transport/roll away and store, thanks to its two built in roller wheels. The cockpit's strong and sturdy frame is not only visually appealing but also durable, ensuring that it can withstand intense racing sessions. The seat, inspired by true GT racing style, is designed for maximum comfort with increased padding in specific areas such as the lower back, thighs, and shoulders. The cockpit's main adjustments are tool-free and can be made in just a few seconds, allowing you to fine-tune your setup easily. The GTLite Pro is now compatible with both the shifter and handbrake at the same time, providing a complete and affordable racing experience.
